TECHNICAL EXPERIENCE

Brock University

St. Catharines, Ontario

ITS Lab Advisor / Helpdesk Associate

2017-2018

- Always alert and approachable by students, faculty and staff. Improved user satisfaction and customer service in acting as first line of support for users with network, software issues.
- Proactive in guaranteeing effective computer lab maintenance and support through attention to detail and observational skills. Reported any current or foreseeable issues to supervisors and when appropriate took measures to independently troubleshoot problems and report the results
- Supported and encouraged a team culture by providing support to less experienced fellow advisors and regularly communicating issues to supervisors. Preemptively detected and corrected issues in their initial stages.
- Independently demonstrated an extraordinary commitment to established work procedures, protocols and routines.
- Guaranteed a dependable standard of excellence in customer support by always arriving early and being ready and available to handle client's enquiries at the start of and in cases before the beginning of shifts.

Fidelity Bank (Bahamas) Limited

Nassau, Bahamas

IT Specialist

Summer 2016

- Supported the maintenance of departmental efficiency and productivity levels by providing varying types of data, running appropriate scripts and formatting the retrieved data
- Performed research and produced reports on software solutions that could be implemented in the future to satisfy the company's long-term vision for departmental improvements

University of The Bahamas

Nassau, Bahamas

OIT Lab Supervisor

2010-2012

- Improved user satisfaction for both staff and students with a swift response to both faculty and student lab issues
- Supported the completion of large scale organizational projects by providing an extraordinary level of commitment and dedication to assigned tasks from issues ranging from inventory audits to setting up computer labs
